

INFINITY

(PATENT PENDING)
NATO NSN: TBC

TYPHON®

DESCRIPTION

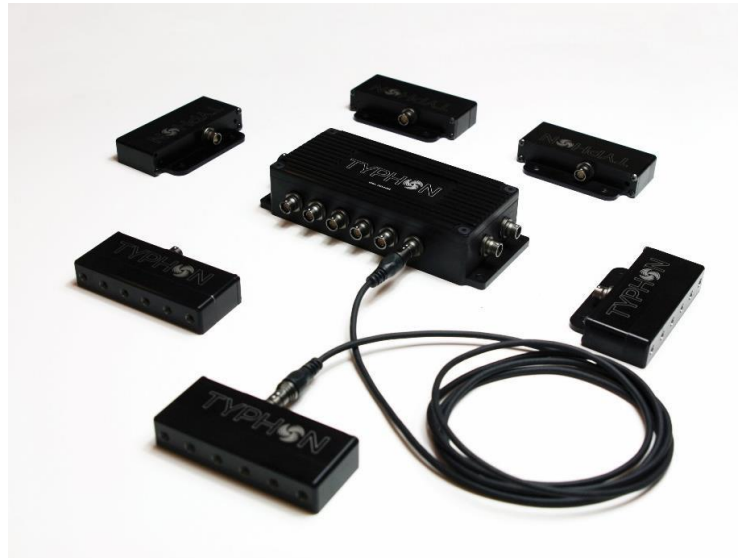

Typhon Infinity is a modular electronically controlled distraction device with the ability to attach multiple heads each which provides five events with minimal flash, smoke and fragmentation. Specifically designed for Law Enforcement Agencies and Special Forces, Typhon Infinity provides a dynamic solution for situation diversions and perimeter protection. Having the ability to be permanently or temporarily installed onto a platform the system provides a very flexible solution with minimal flash and smoke discharged from the device.

OPERATION

Once Infinity is installed and enabled the system performs a self-test and enters the desired program configuration. Once initiated by a fire control switch the connected heads will fire to the desired order and effect.

APPLICATION

Dynamic / Tactical Entry
Quick Deployment
Anti-Hijack Defence
Training Device (reduced sound)
Perimeter Protection

ACCESSORIES

EXTENSION LEAD	2m to 10m
PROGRAM DONGLE	Two selectable internal configurations
FIRE SWITCH	Pushbutton & footswitch options
REMOTE	RF & Proximity control options
HEAD MOUNTING OPTIONS	Magnetic and VRN mounts & others on request
INTERFACE	Central locking & window closing

TYPHON®

TECHNICAL DATA - INFINITY CCU

TYPE	Multi event central control unit
DIMENSIONS (mm)	174 x 69 x 36
WEIGHT	750g
BODY MATERIAL	Black Anodized 6061 Aluminium
FUZE DELAY	Selectable programmed events
EVENTS	6 separate output ports
POWER	10Vdc – 32Vdc
OPERATING TEMPERATURE	-40 to +70
INGRESS PROTECTION	IP68
STORAGE LIFE	3 years

TECHNICAL DATA - INFINITY HEAD

TYPE	Firing head P/N: FH0001
DIMENSIONS (mm)	90 x 43 x 18
WEIGHT	160g
BODY MATERIAL	Black Anodized 6061 Aluminium
SOUND INTENSITY	Circa 150dB
OPERATING TEMPERATURE	-40 to +70
INGRESS PROTECTION	IP68
STORAGE LIFE	3 years
